## Sheet metal workers NOC 7233

**Ottawa, Ontario, & Canada (2014-2019)**  
3-year historical data & forecasted growth

*Updated July 2017*

**NOTE:** EMSI recommends taking occupation data below 500 jobs with “a grain of salt” because of source data sampling sizes; therefore, outlook also considers Ontario data.

## Sheet metal workers

## Ottawa Outlook

NOC 7233

Limited ★ Fair ★★ Good ★★★

*Based on past and forecasted growth.*

### A Local Snapshot

- Employment in this occupation **increased significantly in Ottawa from 2014 to 2016 (180.8%)**; it is forecast to **grow an additional 12.9%** over the next three years.
- **9.1% were unemployed in Ottawa in 2011; 33 (6.6%)** of those in this occupation are **self-employed**.
- **Median hourly wage** for this occupation was **\$31.23**.
- **45.8%** of the 2016 jobs were in the **Building equipment contractors** industry sector.
- Ottawa has a **lower share of this occupation** than the nation.
- **Provincially**, this occupation showed a net increase from 2014 to 2016 (**18.9%**); it is expected to grow over the next three years (**5.1%**).
- In contrast to Ottawa Employment Hub's forecast ranking for this occupation, *Canada Job Bank* forecasted **fair** employment potential for this occupation in Ottawa from 2016-2018.

### Overview

|   |                                    |               |              |
|---|------------------------------------|---------------|--------------|
| <b>Ottawa Jobs (2016)</b>                 | <b>497</b> (7% self-employed = 33) |               |              |
| <b>2011 Ottawa Unemployment Rate</b>      | <b>9.1%</b>                        | Ontario       | <b>7.5%</b>  |
| <b>Location Quotient to Nation (2016)</b> | <b>0.87</b>                        |               |              |
| <b>Change in Jobs (2014 - 2016)</b>       | <b>180.8%</b>                      | (2016 - 2019) | <b>12.9%</b> |

*NOTE: Location quotient (LQ) is a way of quantifying how concentrated a particular occupation is in a region compared to the nation or province. A quotient of 1.00 means Ottawa has the same share of the occupation as the nation/province. A quotient higher than 1.00 means Ottawa has a greater share, and lower than 1.00 means Ottawa's share is lower than the average.*

## Regional Trends

|   | Region  | 2014 Jobs | 2019 Jobs | Change | % Change |
|---|---------|-----------|-----------|--------|----------|
| ● | Ottawa  | 177       | 561       | 384    | 216.9%   |
| ● | Ontario | 5,131     | 6,411     | 1,280  | 24.9%    |
| ● | Canada  | 17,493    | 18,535    | 1,042  | 6.0%     |

|           | Ottawa | Ontario | Canada |
|-----------|--------|---------|--------|
| 2014 Jobs | 177    | 5,131   | 17,493 |
| 2015 Jobs | 306    | 5,630   | 18,817 |
| 2016 Jobs | 497    | 6,100   | 17,862 |
| 2017 Jobs | 521    | 6,213   | 18,106 |
| 2018 Jobs | 543    | 6,322   | 18,345 |
| 2019 Jobs | 561    | 6,411   | 18,535 |

## Ottawa | Industries Employing this Occupation

| Industry   | Occupation Jobs in Industry (2016) | % of Occupation in Industry (2016) | % of Total Jobs in Industry (2016) |
|--|------------------------------------|------------------------------------|------------------------------------|
| Building equipment contractors                           | 228                                | 45.8%                              | 2.5%                               |
| Foundation, structure, and building exterior contractors | 96                                 | 19.3%                              | 2.2%                               |
| Architectural and structural metals manufacturing        | 46                                 | 9.3%                               | 5.4%                               |
| Non-residential building construction                    | 27                                 | 5.4%                               | 0.8%                               |
| Residential building construction                        | 15                                 | 3.0%                               | 0.2%                               |

*NOTE: Inverse staffing patterns provides a table of percentages that shows how regional occupations are divided up among regional industries. For example, an inverse staffing pattern for registered nurses may show that 70% of RNs are employed by hospitals, 10% by local government (i.e., public schools), 10% by nursing homes, and 10% by offices of physicians.*

## Educational programs and completions in Ottawa (public institutions only)

| 1<br>Programs (2014) |                         | 67<br>Completions (2014) |
|----------------------|-------------------------|--------------------------|
| CIP Code             | Program                 | Completions (2014)       |
| 48.05                | Precision metal working | 67                       |

*NOTE: EMSI Analyst uses Statistics Canada's PSIS data to compile completions for postsecondary programs offered in Canada, classified by the 2011 CIP codes. 2014 data includes those who graduated in spring 2015.*

## Other Considerations

### LICENSURE/OTHER REQUIREMENTS FOR ONTARIO:

- A **regulated** profession; certification is required through the [Ministry of Training, Colleges and Universities](#)
- Red Seal endorsement is also available to qualified sheet metal workers upon successful completion of the interprovincial Red Seal examination

*NOTE: Workers in regulated occupations require a licence to work legally. Workers in non-regulated occupations do not require a licence, but employers may have other certification requirements.*

**CANADIAN LANGUAGE BENCHMARKS: N/A**

## About EMSI Occupational data

Economic Modeling Specialists Inc. (EMSI) amalgamates information from several data sources in order to produce its occupation counts:

- Canadian Business Patterns (CBP) – *Updated December 2016*
- Census – *2006 and 2011*
- Survey of Employment, Payrolls and Hours (SEPH) – *Updated monthly*
- Labour Force Survey (LFS) – *Updated monthly*
- Canadian Occupational Projection System (COPS) – *Latest projections cover 2014-2024*
- Demographic CANSIM tables – *Various updates*
- Postsecondary Student Information System (PSIS) - *Updated annually; 2014/15 data available now*

Information from these sources is combined into a dataset that is updated twice annually by EMSI; the latest release came in the Spring of 2017 and these reports reflect actuals and projections based on that data. Detailed occupation data is based primarily on industry staffing patterns collected by the SEPH, which surveys businesses and is considered more reliable than the LFS, which surveys individuals.

**NOTE:** In 2016, EMSI Analyst switched from the NOC-S 2006 occupation classification system to the NOC 2011 occupation classification system. Some occupation titles and groupings have been modified slightly as a result; all historical data has been adjusted to match the NOC 2011 classification system.

*Should you have any further questions about the data in this report, please contact **Ottawa Employment Hub** at 613-727-4723 X6873 or [info@OttawaEmploymentHub.ca](mailto:info@OttawaEmploymentHub.ca).*
